

SEA PREY ESCAPES.

Prince Consort Aids Brave Rescue.

Twice He Puts Out With Sailors and Wraps His Fur Coat Around Woman.

Survivor Tells Pitiful Tale of Vigil While Sailors Are Off Baffled.

Berlin Rests on Bones of Old Wreck of British Steamer Leeds.

LOCK OF HOLLAND, Feb. 22.—After thirty hours of almost incessant efforts and splendid work the Dutch lifeboat men were rewarded by reaching the wreck of the British steamer Berlin, which went ashore here yesterday morning, and ten survivors upon the after part of the vessel were saved. Buffeted and driven back time after time, the sturdy Dutchmen never relaxed their attempts in behalf of the handful of shipwrecked people, and through yesterday, last night and this morning they launched their boat repeatedly, only to be foiled by the mountainous seas. In the early afternoon the lifeboat went out again. The receding tide and the calmness of the weather gave better hope of success, and after a hard tussle the few persons still living were safely taken off at 2:30 p.m.

PRINCE AIDS RESCUE. Prince Henry of the Netherlands, the Prince Consort, arrived here this morning, and twice went out with a steam pilot boat as near the wreck as it was possible to approach. Subsequently the Prince visited the building which is being used as a morgue and passed down the line of white-draped figures, stopping, with bowed head, for a few minutes before the bodies of the dead.

THE PRINCE CONSORT, after his first visit to the wreck, when he saw there were still some survivors on board, declared: "We don't return to The Hague before we have them; we must get them somehow."

RESCUE IS ACCOMPLISHED. The news that this determination had been fulfilled reached the waiting crowd this afternoon and there was then a wild rush of the people to the various points of vantage overlooking the harbor. It was well that a special force of police and soldiers had been brought into the Hook for the night, as the excited crowd at one time threatened to become uncontrollable. Long hours of waiting followed and the people began to doubt the truth of the report that any persons had been saved and it was not until long after 5 o'clock that the steam pilot boat heaved its approach with piercing shrieks of triumph from her siren.

By this time the harbor was black with thousands of people. The roofs of all houses and sheds were crowded, while along the roadway skirting the sea there raced hundreds of people keeping pace with the rescue boat. In the meantime every preparation was being made at the harbor to take care of the individuals rescued. Six motor cars including that belonging to the Prince Consort were drawn up in readiness to convey the survivors to the Amerika Hotel, where a staff of medical men, especially summoned, was waiting to give succor.

WOMEN REMAIN ON SHIP. The small lifeboat was the first to reach the harbor and Capt. Jansen reported that three women and a child who had refused to jump, were still aboard the wreck. He explained that the rescue had been effected by both boats working in conjunction. First the small boat managed to make out a rope to the true breakwater and by this means the survivors were dragged through the water to the pilot boat, which stood a little way off.

Capt. Jansen had hardly told his story when the steam pilot boat with the rescued on board hove in sight. As she was moored the cheers were succeeded by a painful hush as the first of the survivors was borne ashore on a stretcher. The man was swathed in blankets and made no sign of life. The eleven survivors were removed to the Amerika Hotel and when the Prince Consort came ashore his face was radiant with grateful joy.

Every Dutchman present forfeited his national reputation for stolidity by joining in a roaring cheer. CROWD BESIEGES REFUGEE. The hotel in the meanwhile was so besieged by the crowds to catch a glimpse of the survivors that the police had to resort to vigorous measures to clear the premises and allow the doctors uninterrupted control. Several anxious relatives succeeded in forcing an entrance to the hotel and there were some scenes of bitter disappointment when these discovered that the members of their families were not among the rescued.

The names of the rescued passengers follow: Mr. Young, Mr. Broderick, Fraulien Gahler, Fraulien Butler, Fraulien Schraeder, Frau Schneider, Under the reviving influence of food, the survivors soon became compar-

DYNAMITE REVENGE.

Church and Stores Wrecked.

Raided "Blind Tiger" Proprietor Arrested, Accused of Dastardly Deed.

Masonic Hall Also Blown Up, and Citizens Are Thrown Into Terror.

Evidence Against Accused Man Includes Threats of Murder.

TERRE HAUTE (Ind.) Feb. 22.—(Exclusive Dispatch.) The Methodist Church and the general stores of Shickel & Johnson, and J. W. Reese, at Sandford, were dynamited last night and early this morning, following a raid yesterday on a "blind tiger."

The Masonic Hall, on the upper floor of the Reese building also was destroyed. Henry McDonald, owner of the "blind tiger," is accused of the dynamiting, and was arrested on a warrant this afternoon.

Sheriff Hoxsey and his deputies, who were summoned to the town at 3 o'clock this morning, conducted an inquiry.

The testimony tended to show that McDonald, who was the owner of a "blind tiger," was put out of business yesterday, was responsible for the dynamiting.

The dynamite was used from the outside of the buildings, and a stick of it was found at one corner of the Reese store.

CHURCH SHATTERED. The Methodist Church was shattered at 10 o'clock last night, but no word was sent to the authorities in Terre Haute until the dynamite had wrecked the stores, four hours later.

All three buildings were of frame and the explosion made wrecks of the structures, but left one side of the church standing.

The stocks of goods in the stores were badly damaged.

The people of the town were terrified and did not know how far the malice of the dynamiters would go.

Yesterday afternoon, a search warrant was procured from Judge Piety, under the new "blind-tiger" law, and deputy sheriffs raided the quart-shop of Henry McDonald, and took twenty-five cases of beer. No whisky was found.

A noon license had been refused McDonald, and after an appeal to the Circuit Court, a change of venue was taken to the Vermillion court, where Judge Rheny decided against him.

SHICKEL'S STATEMENT. Shickel said that neither he nor his partner has been especially active in opposition to the quart-shop, but that the whole community was opposing it.

The damage to the Shickel store building, which was one story, will amount to several hundred dollars, but Shickel will make no estimate of the damage to the stock.

The process used by the Sheriff in the raid yesterday was not sworn to by any one of the residents of Sandford, but by Prosecutor Cooper.

The prosecutor said that Judge William J. Salts was stricken with smallpox in the House of Representatives here this morning, a panic ensued in the House and the city. Both houses of the general assembly adjourned until next week, and it is possible that a longer adjournment will be taken.

There was a mad rush for the train through the good fortune the members learned that the train which was due to leave here at 2:30 o'clock this afternoon was an hour late, and many hurried down to the station to catch it.

Probably thirty went East and about fifteen to the West.

The most serious phase of the situation is that most of the members feel they have been, in some way, exposed to the disease, this being especially true in the case of Judge Salts, who has for two days been half sick, while continuing his duties on the floor.

Two hundred gallons of formaldehyde have been ordered from St. Louis to stop the epidemic.

PLAN EMERGENCY HOSPITAL. The City Council this afternoon called together in special session by Mayor Walleau for the purpose of taking steps toward engaging an emergency hospital.

The Board of Health will next quarters to be used as a quarantine station immediately.

JEFFERSON CITY (Mo.) Feb. 22.—(Exclusive Dispatch.) Following the announcement that Judge William J. Salts was stricken with smallpox in the House of Representatives here this morning, a panic ensued in the House and the city. Both houses of the general assembly adjourned until next week, and it is possible that a longer adjournment will be taken.

There was a mad rush for the train through the good fortune the members learned that the train which was due to leave here at 2:30 o'clock this afternoon was an hour late, and many hurried down to the station to catch it.

BELL'S KNELL.

Pasadenan Goes for Race-Betting.

Senator Squaring Off for a Knock-Out Blow to Turf Gambling.

Eshelman's Bill Now Before Upper House, Facing a Hard Fight.

Crown City Solon Will Demand That Action Be Taken Saturday.

BY S. FRANK GREAVES. (BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Feb. 22.—(Exclusive Dispatch.) It develops now upon Senator Bell of Pasadena to ring the knell of race-track gambling in California. He has a fight before him that will test his mettle. He already is squaring into position. If he fails it will be because the cards are stacked against him—and everyone here believes they are.

The Senate received the Eshelman Anti-Race Track Bill today from the Assembly, where it was passed on Tuesday by a vote of 46 to 22. The measure went at once to the Committee on Public Morals, of which Senator Bell is a member. It is the long-coated and white-tied figurehead, and of which the dogmatic Leavitt of the Oakland and Emeryville track is the boss.

The companion bill, introduced in the upper house early in the session by Senator Bell, has slumbered peacefully in the committee since that time. As with Hartman's Anti-Prize Fight Bill, it is not likely that the race-track measure will be reported out of the Public Morals Committee until it is demanded by a majority resolution of the Senate. It will be for Senator Bell to present the resolution.

Of course, the Senate will have to cut the pear-shaped committee a reasonable opportunity to consider the bill and to decide whether or not race-track gambling really possesses the bad features attributed to it. This committee is a deliberative body. It must be remembered, and must weigh carefully the arguments, pro and con.

SENTIMENT IS FOR. As the committee stands, the sentiment toward this form of gambling is decidedly "open." It could not be otherwise, with its most weighty member holding an Emeryville track concession that is said to yield him \$1000 a month in the sale of programmes.

So, if he wins, Senator Bell will be the victor in a hard royal. There is some prospect that Senator Lukens of Oakland will go to the assistance of the Pasadena legislator. Should he do so, several kinds of upper fly, for Lukens is the most popular and one of the ablest men in the upper house.

While some of the experienced ones, like Leavitt and Wolfe, are able to take advantage of a number of parliamentary tricks that might throw Senator Bell off his guard, they cannot "buffalo" Lukens.

Opinions differ as to the stand the Senate will take. The sentiment is about equally divided for and against gambling on the "ponies." Eshelman's friends believe they have a majority on their side. The vote will be exceedingly close.

SATURDAY THE DAY. The fight should break about next Saturday, when, if the Public Morals Committee shall not have reported the race track bill favorably, or unfavorably, Senator Bell will introduce a resolution demanding that the bill be brought onto the floor of the Senate for disposition.

Quick action will be necessary, for the session is nearing its close. As for Hartman's Anti-Prize Fight Bill, it retains its place on the third reading file, going over from day to day at the call of the speaker. There shall be a full attendance of all members.

Hartman watches the roll call carefully every morning, ready at the psychological moment to bring the measure to a vote.

Eleven Senators now holding office voted for the Ralston "anti-pug" bill at the last session. Hartman expects them to stand by him at this time. If he can get ten more, he will win.

The only trouble now is that some Senators doubt the sincerity of this move. Though "a rose by any other name would smell as sweet," it makes a difference who introduces an anti-fight bill, and what his motives are.

TARS IN LONDON CELEBRATE. LONDON, Feb. 22.—Washington's Birthday was celebrated here today by the London branch of the American Navy League by a dinner at the Savoy Hotel, which was attended by many of the prominent members of the American colony. The members of the American Embassy, however, were prevented from being present by the court function at Buckingham Palace.

BRITISH COURT OPENS. LONDON, Feb. 22.—King Edward and Queen Alexandra held the first court of the year at the Buckingham Palace tonight. The beautiful floral decorations were noticeable, there being tons of cut flowers from Windsor and Sandringham. The function was attended by a brilliant assemblage of diplomats.

HONDURAS DECLARES WAR. CITY OF MEXICO, Feb. 22.—Word was received here tonight that Honduras has formally declared war against Nicaragua. President Bonilla is at the head of the Honduras troops and is marching on the frontier of Nicaragua.

CREVASSE THREATENS. Gaping Cut in Lyvee Strikes Terror to Dwellers on Lower Mississippi.

(BY DIRECT WIRE TO THE TIMES.) NEW ORLEANS (La.) Feb. 22.—(Exclusive Dispatch.) The crevasse at Lyvee, fifteen miles below the city, on the right bank, threatens to do much damage before it is closed. It is feared in closing it, it is doubtful.

There is a very narrow batture in front, making it difficult to build the cribbing around it, but State Senator Brady of the La Fourche levee board has taken charge and will have five hundred men at work tomorrow.

Several carloads of material have been rushed to the scene. The end of the levee has been cribbed, but the break is now ninety feet wide. The water is spreading over a large area, and unless checked, will back up as far as Gretna, which is opposite New Orleans.

HYMEN SHOULD HOLD BALLOTS. GROVER CLEVELAND FAVORS MARRIAGE QUALIFICATION.

Thinks Only Those Who Have Homes to Protect Should Be Allowed to Vote—Denounces "Bordid, Hardened, Dried Up" Bachelors in Unexpected Manner.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Feb. 22.—(Exclusive Dispatch.) A marriage qualification in the "suffrage" laws of the country was pointed out by Grover Cleveland, in an unexpected address at the Washington Birthday celebration, in the Auditorium this afternoon, as a possible and even probable necessity in the life of the nation.

Cleveland was not married until he was 49 years old, and under the marriage qualification law, as favored by him today, would, himself, have been denied a ballot, therefore could not have been President of the United States until he had abjured his bachelorhood.

Today in bitter terms, he denounced the "sordid, hardened, dried-up bachelors," and declared that the proposition of placing a marriage qualification in the suffrage requirements, and hence extending it to both sexes so that only married people could vote, would place the ballot entirely in the hands of those who have homes to protect.

"I never have been an advocate of woman suffrage," said Cleveland, "and I am not sure that I am yet, but a letter which I received a few days ago has started me to thinking seriously along that line. The man explained his proposition of placing a marriage qualification on suffrage, and at first reading, I thought it was silly. However, to be sure, I read it over, and then over again, and I believe that there is a great deal of virtue in what he said."

Cleveland then proceeded to explain that the one greatest interest of this country should be the development of patriotism, and it was in this relationship that he had been led to consider the suffrage question.

Cleveland was received by the thousands of children with tumultuous and prolonged cheering, the enthusiasm of the audience leaping all bounds.

The face of the former President lit up with kindly smiles as the roar of applause flooded over him, and turning to the man at his elbow, he was heard to remark: "The children—God bless their young, hopeful hearts."

ONE IS KILLED, NINE INJURED.

NARROW GAUGE COACH LEAVES RAILS AND DROPS.

Goes Over Embankment Forty Feet Down, Crushes Woman to Death, Breaking Backs of Two People, and Seriously Hurting Others—Accident Occurs in Iowa.

(BY THE ASSOCIATED PRESS—P.M.) DUBUQUE (Iowa) Feb. 22.—A combination coach and a loaded coal car of a train on the Chicago, Milwaukee and St. Paul narrow-gauge railroad, between Bellevue and Cascade, today, jumped the rails at a curve in the trestle over a small stream near Washington Mills, and fell a distance of forty feet, the combination car landing on top of the coach, in which were ten passengers.

The coach was completely wrecked. One passenger was killed, two fatally, and seven seriously injured.

The dead: MRS. JOHN ROHAN, Ft. More, Iowa.

Fatally injured: CONDUCTOR TED MARTIN, Bellevue, Iowa.

SERIOUSLY INJURED: MISS MARY McLAUGHLIN, Bernad, Iowa.

SERIOUSLY INJURED: JAMES FONDA, mail clerk; leg broken and badly cut and bruised. H. E. FARIN, Dubuque, Iowa; badly cut and bruised.

RELIGIOUS.

STRONG BOOM FOR MISSIONS.

Methodists Will Have Full Week of It.

Trotter Meeting for Men Sunday Afternoon.

St. Paul's Sets Pace for Lenten Services.

The first of a week's big missionary gatherings in this city, under the leadership of Methodist missionaries, will be held tomorrow. The speakers will be Rev. George A. Miller, who recently returned from three years' work in Manila, and Rev. John F. Wilson of China. The meetings are under the auspices of the presiding elders of the several districts of Southern California, and were inaugurated at Santa Monica and Ocean Park this week.

Rev. Mr. Wilson will speak in West Adams Methodist Church Sunday morning, and in Haven Methodist Church in the evening. Mr. Miller, at South Pasadena in the morning and at the First Methodist Church, this city, in the evening.

Monday evening Mr. Miller will be at the Boyle Heights Methodist Church, and Mr. Wilson at University Methodist Church. Tuesday evening they will change places.

On Wednesday evening missionary prayer meetings will be held in all the churches in the city and on Thursday a final rally will be held in the First Methodist Church, when both Mr. Miller and Mr. Wilson will speak. Both are bright, young preachers of wide experience, and will make the meetings of unusual interest.

THE TROTTER MEETINGS.

GREAT GATHERING OF MEN. The meetings conducted during this week in the First Methodist Church, under the leadership of Melvin E. Trotter of Grand Rapids, Mich., have been of great interest, and the unusually attractive manner in which Mr. Trotter presents the gospel has caused him to be greeted with large audiences. Many converts of the Union Rescue Mission, and Will C. Trotter, its superintendent, have taken an active part in the meetings and added to the interest. This afternoon at 3 o'clock the climax will be reached in a great men's meeting in Temple Auditorium, under the joint auspices of Union Rescue Mission and the Young Men's Christian Association. Melvin Trotter will at this meeting tell the thrilling story of his life, and other speakers will also deliver addresses.

The platform will be occupied by nearly all the well-known pastors and many active laymen of the city, and many reserved seats have been accepted for the service. Those men who would secure seats must be in good season.

SETS THE PACE.

ST. PAUL'S LENTEN SERVICES. "Beyond doubt, St. Paul's Cathedral is setting the standard several steps in advance this year in the matter of Lenten services," said a member of that congregation yesterday. "No one of the metropolitan churches west of New York shows a more complete order of service, nor one better adapted to the varied needs of a cosmopolitan city such as ours."

For the coming week there will be each day a celebration of the holy communion at 7:30 a.m.; morning prayer at 8:30; noonday meeting for business people, 12:10 to 12:30. These meetings last but twenty minutes, and are immediately followed by an excellent hot luncheon served in the Parish House, which enables those attending to return to business by 1 o'clock. Daily prayer at 4:30.

Tomorrow there will be a celebration of the holy communion at 7:30 a.m.; Sunday-school, 9:30; morning prayer and sermon at 11, when Dean Wilkins will preach upon "The Great Temptation." Young people's meeting at 6:45; evening service, 7:30, when the Rev. Mr. Edman, will preach, taking for his theme, "Temptation; When, Where."

Tuesday afternoon at 4 p.m. Dean Wilkins will give the second of a series of informal but highly interesting talks upon "Prayer." Wednesday evening, in the Guild Hall, Judge Wilbur, in the interest of the philanthropic institutions of the city, will speak of "The Juvenile Courts." Thursday afternoon evening prayer will be conducted by Mr. Edman, who will speak upon "Lenten Longing and the Friday evening service he will again preach upon "The Discipline of the Body."

BURDETTE'S Y.M.C.A. DAY.

Tomorrow will be Y.M.C.A. day at Temple Baptist Church, and Dr. Robert J. Burdette will preach on "Ideal Young Manhood and Womanhood" in the morning, and on "Comrades of the Cross" in the evening. The latter is a discourse on the duty of joining the church, and the sacrament of baptism will be administered to a number of candidates. There is an enrollment of seventy-eight voices in the Temple chorus choir.

A Sunday nursery, under the name of the "Temple Greets," is open during the hour of morning service, where children of mothers who wish to attend the service will be carefully mothered, in Children's Hall on the second floor. This innovation was established nearly three years ago in the old pavilion.

EN ROUTE TO ORIENT.

BUSINESS MEN'S MISSION. John B. Slemmon, Jr., of Washington, D. C., a personal friend of Dr. Baer, spoke in the chapel of Occidental College yesterday morning. Mr. Slemmon is one of a company of business men sent out by the General Board of Missions to China and Japan to look over the mission field from a business standpoint. Dr. Baer is recipient of a letter from the board, asking him to recommend fifty representative business men of the country for this mission. Mr. Slemmon is accompanied by Mr. Woodward, a prominent business man in a few days and these gentlemen will be the first to visit the Orient. The former congratulated the students for confronting the greatest problems that have ever been presented to the human race. He declared that 40 years have been around the Atlantic coast, is about to be transferred to the Pacific.

How About That Trip East?

If you want to know all about rates and passenger service, call on the Pacific Coast Lines, 222 South Broadway, Los Angeles, Cal.

WE have money to build to those who pay cash for lots at beautiful Palmdale, the city and the sea. (Do not overlook and up to \$100,000. Considerable surplus from the Palmdale Land, Light and Water Company, 20-21 Union Trust building, Room 222, Sunset Boulevard, Los Angeles.

ANOTHER of Frank G. Carpenter's interesting letters from Northern China will appear in The Times Magazine this coming Sunday.

PLANNING TO BUILD.

Sons of Revolution Want Suitable Headquarters in Which to Store Treasures.

At the annual meeting of the California Society, Sons of the Revolution, yesterday the matter of erecting a building was considered. To make plans for the structure a committee was appointed.

The society owns a very rare and valuable collection of books and pictures and the members feel that they should have a safe and suitable building in which to store these treasures.

The officers elected for the ensuing year are: President, Holdridge O. Collins; vice-president, Gen. Frank C. Prescott; secretary, Donnell G. Fisher; registrar, Edward T. Hardon; historian, Willard A. Nichols; chaplain, Rev. Baker P. Lee.

The delegates to the meeting of the general society, to be held in Washington, April 19, 1930, are: Holdridge O. Collins; Hon. Frank P. Flint; James M. Montgomery; alternates, Willis M. Dixon, Don G. Fisher and Henry H. Sinclair.

Christian Endeavor.

THE ISLAND WORLD.

These Comments on the Uniform Prayer-Meeting Topic of the Young Men's Christian Association for February 1st, "The Kingdom in the Islands," [L. xxviii, 25-31, 19-25.]

By William T. Ellis.

The center of interest in the world's history is constantly changing. A hundred years ago the Pacific was added from the main currents of the world's life. Lines of communication were few, interests were few. Today the development of the commerce of the Pacific is one of the subjects that are of great importance and the winning of that commerce one of the world-prizes to be struggled for. To the west of us lie the undeveloped resources and unawakened forces of the future. These facts of commerce give us significance to the islands that dot the Pacific like stepping stones in a brook.

It is hard to realize the dimensions of that island world. Most of our maps are printed on so small a scale that the islands look quite negligible—an impression which a salt dash of statistics soon corrects. This compass as area of 27,000 square miles, about one and one-half times the size of the continent of Asia. On this surface is scattered a land area of 183,000 square miles.

The people of the islands are divided into four races: Polynesian, Papuan, Fijian, and Micronesian.

On their isolated homes these various races lived for centuries, unvisited and unmolested by the great world outside. It is probable that the islands were peopled by successive waves of migration from the southwest. Scarcity of food due to overpopulation, leading to adventure, storm, and shipwreck were among the causes that drove the primitive boats far across the wide water. No savage races have ever been better navigators or more fearless seamen than these island men of the Pacific. On all sides of them, sources of food and yet their constant enemy lay the sea. In these isolated island homes there no doubt came degeneration, both physical and moral, to the original stock. There are evidences both in language and in archaic ruins that the native forces must have enjoyed a much higher state of organization than that of which they were capable when the Europeans first found them. At Pitcairn Island, and in the Hawaiian Islands, the stone foundations of large temples were found. In the Christmas Islands, buried under sand, were the remains of skillfully constructed roads.

As agricultural and mining enterprises developed in South America and Australia, cheap labor was needed, and men went out to secure laborers from the Pacific Islands. Sometimes these vessels were under wise and humane management and some of the volunteer laborers under clearly understood contracts; but more often they were in reality slaves of the worst type. They were kidnapped, lured into bondage from which the few who lived to return came back embittered with hatred against everything that stood for civilization. One of the saddest cases was that of the Bishop of the Sandwich Islands, who was carried, and decaying the natives by an officer dressed like the bishop, who in turn was taken into the cabin only to seize and kidnap them.

The whole population of the Samoan Islands is now Christian. There is probably no other community in the world where all prayers are as generally observed as in Samoa. The people are eager for the education of their children, give liberally to the support of their churches, and send out their own missionaries to New Guinea and Micronesia.

The hand of God has shaken together in this garden of the Pacific seed corn from many nations. A unique opportunity is opened to the Christian church of America, in this youngest of our territories, to profoundly influence the life and thought of Asia. The stream of life ebbs and flows between China, Korea, Japan and Hawaii. Here may these nations be brought in close touch with American life and thought, under friendly circumstances. Already the possibilities have been seen, and a beginning made. Only the substantial backing of prayer and far-reaching statemanship among the churches of the mainland is needed to inaugurate a great work. There are churches already built and men are on the ground, already trained. The door is open wide. We may repeat the words with which Henry W. Stanley presented to the English world the wide-open door to civilization and Christianity in Uganda: "The opportunity is before you, gentlemen, embrace it!"

NEWS AND NOTES.

From statistics compiled by Dr. H. K. Carroll the number of Catholics now in the United States is estimated to be ten millions.

Dr. Campbell Morgan has entered upon his duties as president of the London Sunday-school Union. Through meeting his regular lecture appointments each week and conducting his church services, it is estimated that he is regularly teaching 20,000 persons.

The International Sunday-school Association has now become an incorporated body, "Washington, D. C." is to be the principal place of business of the association. Its threefold object is to promote organized Sunday-school work, to encourage the study of the Bible, and to aid in spreading the Christian religion.

A national religious census is in process of preparation. When completed it will contain in addition to the tabulated statistics, a statement prepared by a competent authority of the history, doctrine, polity and work of each denomination. In its scope this scheme is greater than any plan which has ever before been attempted in this or any other country in the line of a religious census.

An interesting visitor to America this spring will be Rev. Dr. James Orr of Glasgow, Scotland. Dr. Orr is to give a series of ten lectures in New York, beginning April 2. He will remain in this country until May 5. Dr. Orr is widely known through his religious writings, particularly his book entitled "The Problem of the Old Testament," which received the \$5000 Bross prize at Lake Forest College recently.

One of the most practical of the plans of Dr. Wilfred Grenfell for the people of Labrador has been the introduction of reindeer into that country. These animals would furnish food, clothing, transportation, and other opportunities for industrial development for the people. The New England Grenfell Association has undertaken to establish the first herd of reindeer in Labrador, the cost of a herd of fifty being \$500.

Piano for Prominent Artist.

Now located at Montebello, after testing many other standard pianos, has purchased one of the Frank B. Lane makes, for exclusive use in "The House of the Future," at No. 2014 Downey avenue. Score again for "the unequalled home."

ACCORDING to the officials of the Palmdale Land, Light and Water Company, property in that city is constantly increasing in value. Although forty-six lots are said to have been sold at prices from \$200 to \$1000, considerable surpluses from the Palmdale Land, Light and Water Company, 20-21 Union Trust building, Room 222, Sunset Boulevard, Los Angeles.

THERE is no place like Palmdale for homes or profit-making. Lots are cheaper now than they were in 1910. For exclusive use in "The House of the Future," at No. 2014 Downey avenue. Score again for "the unequalled home."

In the Name of Sense, that good common sense of which all of us have a share, how can you continue to buy ordinary soda crackers, stale and dusty as they must be, when for 5¢ you can get

ODD ACCIDENT TO CLOTHING

Laden Five-Story Scaffold Goes in Crash.

Watchmen at Burned Store Nearly Buried.

Collapse Follows Fire and Causes Damage.

With a roar that was heard for nearly three blocks, the temporary scaffold supporting many tons of

Co.'s turned store at Nos. 211 and 213 South Los Angeles street collapsed last night about 10:40 o'clock. To the discretion of J. Q. Royalty, Ford's night watchman, two other special policemen are indebted for the

lives. Otherwise they would have been buried beneath the mass of debris, which fell five stories. No estimate of the damage could be made last night.

Since the wrecking of the Cohn Goldwater & Co. building on South Le Angeles street by fire some weeks ago, workmen have been striving to prevent the walls of the gutted building from falling by supporting them tem

porarily. Practically the whole rest of the building is supported on scaffolding raised above the fifth floor. To lessen the immense weight on the interior part of the scaffold, an extension

Great quantities of clothing of all sorts remained in the building after the fire, and some of that was slightly damaged by smoke. Wearing that

weight of the stock on the interior part of the scaffold was too great, large portion if it was moved on the staging at the rear. To guard this stock, three watchmen have been

When James Platt, who is in charge of the watchmen, called at the burnt building early last evening, he learned from Royalty that the temporary scaffolding seemed to be safe.

ing. Occasionally a snapping sound was heard. Gregg, another watchman, stationed within the building, heard the warning, but did not heed it until Royalty began

Three minutes after he had called

Three minutes after he had called for the collapse came. Patrolmen in the immediate vicinity of the building heard the crash and rushed to the spot. Bundles of shirts and packages of clothes rained down when the support gave way. Greer had been

stepped on the side of the wall opposite the collapsed staging when the blast occurred and Royalty was standing few feet from the base of the woodwork. They saved themselves by running to safety.

Beneath the staging are large puddles of muddy water left by the recent rains. The scaffold extended the width of the rear of the building and about twenty feet into the alley. The men wearing apparel at each of the

floors went down into the water. Great rafters were splintered by the weight that they had to bear. A number of electric wires were torn down but a fire was prevented by prompt action. The loss is believed to be considerable.

STUCK IN CAGE HALF AN HOUR

**FRIGHTENED PASSENGERS IN
HOTEL ELEVATOR.**

**Singular Accident at the Rosslyn
Imprisons Fifteen Persons, Mostly
Women and Children, Between
Floors—Released at Peril of Man's**

Life as He Loosens Brake.

Imprisoned in an elevator cage the Rosslyn Hotel, fifteen passengers

Frightened by the sudden stoppage

of the cage, women shrieked and begged to be released. Fearful that a fire might possibly break out and consume them, and imagining all manner of dire calamities, the passengers

sought wildly for escape. One woman fainted in terror, and a panic-stricken man crawled between the cage and the elevator shaft and reached the floor below by climbing, monkey fashion, down the iron grating.

Night Clerk Smith, who was on duty, sought to calm the frightened guests. They only begged the harder to be released. Some of the men demanded that a fire company be sent for once. The strange predicament of the

Meanwhile Night Engineer Watkins was at work in the basement, striving to connect the electric wires and mo-

the jammed car. He was not successful. Finally, he crawled under the heavy cage, at the peril of his life, released the brakes gradually, and allowed the elevator to drop by jerks to the floor, whence it had started this

The women and children were then helped out, thankful for escape. The minds had been filled with fear during the forced wait. They walked upstairs to bed.

The exact cause of the accident could not be ascertained this morning. It was explained that the power had suddenly ceased, and it is believed some one carelessly tampered with the electric connections.

The value of the safety brakes was demonstrated by the sudden jamming of the car. Had the brakes been faulty the elevator would have been precipitated into the basement, and loss of life might have resulted.

SPECIAL TAKES MILLIONAIRES

leave Los Angeles at 2:30 o'clock this morning and take them to that city. The two young men are millionaires having extensive mining interests in Nevada. They have for some time been

TWENTY-THREE FOR MERRILL.

OCCIDENTAL COACH PUTS FEW WINNERS ACROSS LINE.

U.S.C. Wins Field Meet by Very Large Score—Richardson Proves the Star Performer of Day—Four Elements Combine to Make Meet a Success.

Bearing a defeat that was crushing, complete and disheartening, Occidental returned home, last night, completely humiliated after failing to take first place in a single event in her track meet with the University of Southern California. U.S.C. piled up a total of 20 points, to 23 for Occidental.

As was predicted, U.S.C. had little difficulty in defeating Occidental in the track meet yesterday. The Freshmanians scored but few points, none on first place, but her men showed grit and stamina in sticking out the long losing contest to the end. Richardson of U.S.C., the winner from Occidental, was the star of the meet. He took four firsts yesterday. In two of these he made Southern California collegiate records. One was his mark of 134 feet 3 inches in the hammer throw, and the other the pole vault, which he cleared at 11 feet. Some apprehension was caused when his pole splintered under him. He fell ten feet, but by remarkable control dropped without suffering any hurt. His other winnings were made in the shot put and high jump.

Perfect weather, excellent track, well-filled bleachers and close rivalry between colleges, combined to make the meet a big success. The teams were of comparative equal strength. Parsons, the crack sprinter for U.S.C., was disqualified, while Hirt, star short-distance man for O.C., was out of the dashes because of injuries. Cheered by waving colors and hearty yells and snugs, both sides entered the fray with high hopes. Three hours later Occidental was dragged from the arena after the spilled shoe of her opponent had been placed in triumph upon her athletic chest.

The university won every first place, a majority of second places, and were not surpassed in the number of thirds. Notwithstanding the one-sidedness of the score, the match was exciting throughout, and many minor incidents added to the interest.

The first pistol cracked for the start of the high hurdles. It was a close, pretty race, and Leonard won by a slim margin. Comstock, who was touted to win, tripped and fell hard over a bar near the finish, and as Occidental partisans had taken pains to wedge tight all the hurdles in his lane after he had been placed in the lead, he had occasion to express to them his opinion of the procedure. The low hurdles furnished much interest to the spectators also.

The dashes were no less exciting. U.S.C. won three places in the 100-yard event, finishing fourth. The winning trio, Shute, Cooper and Thompson, repeated the one-two-three process in the 220-yard dash. The quarter-mile race was really between Leonard and Hodge. Hodge gained in a terrific sprint for the finish, but U.S.C.'s man won because of the advantage he had obtained on the back stretch.

Kotoppy, for U.S.C., paced his opponent for nearly two laps in the mile run. He soon fell back, while Nordahl, with his marvelous long stride, took the lead and won a speedy race practically against time, as he made his own pace many yards ahead of the bunch. The time was 1:56.1. However for Occidental made a creditable race and got second.

Five girls were shown by both factions in the two-mile grid. This was Kotoppy's race and he led the competition as they gradually shrank from his brilliant-hand suit. Garbutt took second. He is a mere boy of cadaverous build who never ran until this season. He lacks both muscle and strength, but his symmetrical form, which is much admired, permits him to win, as he wastes not an ounce of energy.

The 800-yard run furnished Norville his opportunity. Bonner and Spring of Occidental took second and third. Curt and Schaeffer, of Holmes's team, could not stand the race and quit early.

The relay, the last one on the card, was the one that convulsed the bleachers. The snarled-and-gold men expected Coach Merrill's sprinters to win this and didn't care, but at the end of the first quarter realized they had a show and went after it. The first two relays of men ran evenly, but Shute, Hodge and Thompson were really between Leonard and Hodge. Hodge started out on the last lap to gain the back for his school, but it was a Herculean task and he didn't succeed. Nordahl won, making the Methodist victory complete.

It was 23 for Occidental; U.S.C.—20, Sum-

CLOSE SCORES IN ATHLETIC MEET.

LOS ANGELES INDOOR TRACK BOYS ARE CHAMPIONS.

Pasadena Loss After Hard-Fought Contest by but Twenty-six Points. Price's Boys Will Represent Southern California in State Championship Contest.

Los Angeles won the Southern California Y.M.C.A. indoor athletic championship from Pasadena, last night, in the latter association's gymnasium. The score was 1120 points to 1104 in favor of the city boys.

The Los Angeles team will represent Southern California in the State championship event at Watsonville on March 3. On the showing made last night it will be able to make a strong bid for the championship.

The dual meet, last night, was the closest ever held in the history of Y.M.C.A. contests in Southern California. It will also go on record as a high-class performance, owing to the breaking of the A.L.N.A. fence vault record by two of the contestants, Squires of Los Angeles and Tyler of Pasadena, who lowered the mark two inches, doing 6 ft. 10 1/2 in.

The final event, the quarter-mile race, decided the issue, and if the Pasadena man had not dropped the block in the last lap the local boys would have won by the narrow margin of one point.

Squires made the highest score for Los Angeles, Tyler being high man for Pasadena. The showing of Squires was a surprise, as he held third place on the local team on his showing in the tryout.

THE centennial of Longfellow's birth will be the subject of a delightful article in The Times Magazine the coming Sunday.

As was predicted, U.S.C. had little difficulty in defeating Occidental in the track meet yesterday. The Freshmanians scored but few points, none on first place, but her men showed grit and stamina in sticking out the long losing contest to the end. Richardson of U.S.C., the winner from Occidental, was the star of the meet. He took four firsts yesterday. In two of these he made Southern California collegiate records. One was his mark of 134 feet 3 inches in the hammer throw, and the other the pole vault, which he cleared at 11 feet. Some apprehension was caused when his pole splintered under him. He fell ten feet, but by remarkable control dropped without suffering any hurt. His other winnings were made in the shot put and high jump.
